

Environmental Policy

16 September 2005

Naval Surface Warfare Center Dahlgren Laboratory

The Naval Surface Warfare Center, Dahlgren Laboratory (NSWC DL) is committed to protecting the environment while carrying out its mission. All personnel share the responsibility to comply with environmental laws, regulations, and policies. Along with the Host Command, through our Environmental Management System (EMS), *we are committed to:*

- Integrating sound environmental practices into the various stages of processes and business decisions.
- Complying with applicable federal, state, local, Department of Defense, and Navy regulations and policies, and other requirements for which the Center subscribes.
- Continuously improving environmental performance through effective environmental planning.
- Ensuring pollution prevention and preservation of our land and natural resources.
- Educating employees concerning their environmental protection responsibilities.
